

MOOD Series

Mood, a series of furniture characterized by clean lines, sleek and with an emphasis on functionality. An expression of the Quax vision, widely appreciated on the international markets..

The legs are made of solid beech. All other materials made of mdf finished with a polyurethane lacquer. Shelves in laminated chipboard.

At Quax we use sustainable materials. All furniture panels meet the strict E1 standard on formaldehyde emissions. In addition we support sustainable forest management and we ask our suppliers to submit an FSC certificate. Only reputable suppliers provide quality furniture hardware and lacquers for finishing. These producers are responsible for the certificates of their products, such as EN 71-3 with attention for the migration of harmful elements. Our furniture is tested by internationally recognized bodies on EN-716 for the cots and EN-12221 for the changing tables.

The range includes a bed 120x60 cm, a bed 140x70 cm, both convertible into a junior version, a junior bed 200x90 cm, a chest of drawers with 3 drawers. The chest can be equipped with an optional diaper extension. Also two- or three-door wardrobes.

In the Quax collection you also will find a range of suitable accessories to enchant the child room.

A serious start to the right choice
Buy it and you will enjoy it !
